Coogee Boys' Preparatory School

Anti – Bullying Policy, Procedure and Guidelines

1. Statement of purpose

Coogee Boys' Preparatory School recognises its duty of care to its students and aims to provide an environment in which students feel safe, secure and free from bullying, harassment, conflict and any form of violence. This document outlines the processes for preventing and responding to student bullying and reflects the school's philosophy and expectations. The aim of this plan is to create a safe and supportive environment for all members of the School Community. Developing a School Culture which is co-operative and in which harassment is not tolerated is a priority. The School aims to implement strategies which proactively deal with issues of violence, intimidation, harassment and bullying. All School Community members have a responsibility to work together to create an environment free from bullying.

- Coogee Boys' Preparatory School is an inclusive environment, where diversity is affirmed and individual differences are respected.
- Quality education is provided for students to meet their learning needs in a secure, ordered and supportive environment.
- The focus of quality education is for students to learn and grow with confidence. Students develop best in schools where teaching and learning occur in context of student welfare.
- The wellbeing, safety and health of students inform school policies, programs and practices.
- Coogee Boys' Preparatory School staff, students and parents/carers do not tolerate bullying in any form

The purpose of this policy is to promote an anti-bullying environment through clear and consistent guidelines. This will be achieved by better identifying bullying and have it decrease by responding quickly and effectively to bullying incidents by challenging the attitudes which are the cause of bullying behaviours. Coogee Boys' Preparatory School aims to be a respectful place of learning where students are free to reach their potential in a happy and safe environment and where staff act as positive role models emphasising our anti-bullying culture. Bullying response strategies are tailored to the circumstances of each incident and seek to restore broken relationships which is based on restorative, rather than punitive interventions.

2. The School's position on Bullying

- All students have the right to be free from bullying
- Any form of bullying is contrary to School policy and will not be tolerated
- A student has the right to seek assistance from a staff member if being bullied or threatened
- Bullying is regarded as a serious offence and therefore ongoing or violent actions may lead to suspension, or expulsion may result
- Involves all members of our School Community

3. Definition:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening. Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records). Bullying in any form or for any reason can have immediate, medium and long term effects on those involved, including bystanders. The following examples of bullying behaviour are unacceptable at Coogee Boys' Preparatory School.

Bullying behaviour can be:

- verbal e.g. name calling, teasing, abuse, putdowns, sarcasm, insults, threats;
- physical e.g. hitting, punching, kicking, scratching, tripping, spitting;
- social/indirect e.g. ignoring, excluding, ostracising, alienating, making inappropriate gestures;
- psychological e.g. spreading rumours, looks, hiding or damaging possessions; and
- Cyber-bullying e.g. malicious SMS and email messages, inappropriate use of phones,

inappropriate use of social media.

4. What bullying is not

Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying. There are many negative situations children can face in a school scenario which, whilst may be potentially upsetting, do not normally constitute bullying.

These include:

One off scenarios- aggression, thoughtlessness, inappropriate jokes or humour, shouting or swearing, loss of temper, carelessness, exclusion.

Mutual conflict scenarios- This occurs when there is a disagreement between students but not an imbalance of power in the relationship. Mutual conflict scenarios need to be closely monitored as they may evolve into a bullying situation.

5. Identifying Patterns of Bullying Behavior

Bullying may be very hard to see. Bullying usually happens out of sight, away from teachers or other adults. The people who are most likely to know what is going on are other children. Children who are being bullied often don't like to tell anyone because they feel weak or ashamed, or are frightened that it will only make things worse. They also feel it is wrong to 'dob on' or tell tales on other children. If they tell anyone, it is most likely they will tell their parents or their friends before they will tell a teacher. Changes of regular behaviour in a student may indicate bullying. These may include:

- Bruises, scratches or cuts that your child can't really explain
- Torn or damaged clothing
- Damaged or missing belongings
- Headaches, stomach aches and other pains that the child can't put a finger on
- Unexplained tears or depression
- Unusual outbursts of temper
- Not wanting to go to school
- Not wanting to play with friends
- Wanting changes in the way he or she travels to and from school
- School work falls off in quality
- Wanting extra money without giving a reason

Parents/carers are encouraged to recognise signs of bullying and notify the School through the class teacher or Deputy Head if they suspect their child is a victim of bullying.

6. Procedures for Dealing with Bullying Behaviours

6.1 The Student process

- If a student is subjected to bullying then he must approach a teacher immediately and ask for assistance
- Other students witnessing inappropriate or bullying acts against a fellow student are encouraged to offer support, or seek assistance from a Teacher for the boy being victimized
- A student may bring issues of bullying directly to the Head of School to be dealt with.

6.2 The Parent process

- If a parent becomes aware of bullying, then it is his/her responsibility to bring it to the attention of the Class Teacher or the Head of School
- Parents should never undertake their own response, or action with the perpetrator, or with the child's parents.
- Parents should contact the Head of School immediately if there is a threat or confrontation from another parent.

6.3 The School process

- The Head of School and/or teacher will interview the boys involved in incidents of bullying. A written report is made on Sentral and parents are contacted to discuss the incident
- The teacher and/or Head of School develop an Action Plan, incorporating strategies and expectations for resolution and reconciliation of the issues and to advise all involved what the consequences will be for their actions
- Parents are notified of the strategies and student expectations. All written correspondence and interview transcripts are to be kept on file
- The Head of School and teachers are to ensure that the matter is dealt with fairly and consistently
- The School will view all matters seriously and employ appropriate action, once a report has been verified. It is critical that at each stage of the process, the issues are dealt with, rather than allowing emotions to govern the response or outcome
- An important outcome is to empower all students to deal with a range of 'bullying' scenarios, using a variety of workable strategies
- Students may need to receive counselling to develop appropriate and achievable skills and dialogue to overcome bullies. The positive education program 'Bounce Back' and

'Bullying No Way' is employed throughout the School to help achieve positive outcomes within the class and on the playground

- Ultimately all students feel safe and supported within the School Environment.

7. Process for Dealing with Bullying Behaviours

- Ensure all students know the procedures for dealing with bullying behaviour
- Any bullying behaviour reported is investigated and dealt with as soon as possible
- All students involved are interviewed
- Classroom Teacher and students involved deal with smaller issues
- Larger issues are dealt with by the Head of School
- Parents/carers and Class Teacher work together to identify any underlying problems and seek solutions
- Detentions or isolation are given for certain inappropriate and unacceptable behaviours
- If a student persists in displaying certain behaviours then intervention occurs in the form of a behavioural management plan or possibly support/ anger management
- An apology and/or restitution is required so that students understand the concept of rights and responsibilities, and the need to take responsibility for their own actions
- Victims are provided with support and appropriate strategies to deal with bullying.

8. Managing a Bullying Incident

Bullying cannot be reduced if incidents are not reported. When a bullying incident has occurred or has been reported, the following strategies will be employed:

9. Role of Teacher Receiving a Report of Bullying

- Determine whether report is of bullying, poor social skills or rule-breaking. This may be a one off situation or an on-going one. The teacher deals with the incident using the above strategies.
- Record details of the incident in Sentral, including all students involved, bystanders and witnesses.
- Give information to the classroom teacher for possible further follow-up.

- Inform executive team of the situation.

10. Role of Class Teacher and Executive Team in Receiving a Report of Bullying

- If bullying is determined to be occurring, the role of the class teacher is to notify the executive team.
- The executive team in conjunction with the class teacher will employ a problem solving approach.
- They will interview the student experiencing bullying and determine their feelings and who is involved, including student/s who bullied bystanders and colluders.
- A meeting will be held with all students involved in bullying and share with the group the feelings of all parties involved to highlight feelings of empathy.
- Student/s develop and implement a plan with the assistance of the teacher and/or executive team. This may involve mediation, buddy program or support from a teacher.
- Follow-up meetings will be organised with the bullied student and/or the bully to determine if the behaviour has changed.
- If incidences of bullying continue, further consequences in line with the Coogee Boys' Preparatory School Welfare and Discipline Policy may need to be applied and parents will be contacted.

A 'Restorative Dialogue' will be organised including students, parents (if necessary) and teachers. The incident must be acted upon in a timely manner of the report and parents informed of actions taken.

Bullying incidences once deemed as accurate will be recorded on Sentral to monitor any patterns of bullying. Ongoing support will be offered to the affected students through regular meetings, teaching of appropriate social skills and updates through the executive team.

The executive team will contact parents of the students involved to ensure the success of the resolution is being maintained. If the situation has deteriorated the matter will be dealt with in accordance with the School's Welfare/ Discipline Policy.

11. Anti-Bullying Conflict Management Plan

The School has implemented the 'Bounce Back' positive education program as a whole School

Parents and caregivers are encouraged to discuss these policies with their children. This information will also be addressed at the Parent Information session, held at the beginning of the year.
